In response to your request for a Material Safety Data Sheet, a current MSDS could not be obtained for this product. It has been determined that the manufacturer listed below is no longer in business. A current address and phone number could not be located.

Manufacturer: United Roofing Mfg. Co., Inc.  
Product Name: Rosin Paper

**United  
Roofing** Corp., Inc.

TO WHOM IT MAY CONCERN:

RE: Material Safety Data Sheet

This memo is in response to your recent request for Material Safety Data Sheets (MSDS) for our asphalt saturated felt. This product, as well as other prepared roofing products are classed as "articles" as defined by OSHA's Hazard Communication Standard and therefore exempt from M.S.D.S. requirements of these regulations.

Section 1910.1200(amended), Title 29 of the Code of Federal Regulations specifically states that its Hazard Communication does not apply to "articles" in paragraph (a) (5) (IV). An article is defined in paragraph (C.) as follows:

(C.) Definitions. "Article" means a manufactured item: (i) which is formed to a specific shape or design during manufacture; (ii) which has an end use function (s) dependent in whole or in part upon its shape or design during end use; and (iii) which does not release or otherwise result in exposure to a hazardous chemicals under normal conditions of use.

Because our product is a prepared roofing product by the above definition, M.S.D.S. are not necessary to comply with the intent and letter of the Hazard Communication regulation.

If more information is needed please feel free to give us a call.

Best Regards,

  
Judy Livingston  
Vice President
